ANNUAL PUBLICATION of the SENIOR CLASS
ARTS HIGH SCHOOL, 550 HIGH STREET, NEWARK, NEW JERSEY

MR. MILTON KNOBLER

The Class of 1968 is proud to dedicate this Vignette to Mr. Milton Knobler who, until February of this year, served as a member of the Art Department staff.

His warm, congenial personality made his classes among the most enjoyable at Arts. Students looked forward to attending his classes to increase their knowledge and to hear an occasional new joke.

Not only was Mr. Knobler an excellent teacher, but he was also avidly interested in all phases of school life. As a swimming coach, a yearbook art advisor, a senior class advisor, and a member of the Advisory Council of the National Honor Society he gave understanding, inspiration, and encouragement to all those with whom he came into contact. His great artistic talent and concern for the welfare of every phase of education at Arts is evident in the many posters, brochures, programs, and stage sets he created for numerous occasions.

Although no longer a member of the faculty, he continued on Saturdays during February and March to devote his time and energy to directing and preparing the art work for this yearbook and we are most grateful.

With sincere admiration and great respect, we wish Mr. Knobler well in his new position as Director of Art for the Union Township School System.

ADMINISTRATION

MR. PAT RESTAINO, B.S., M.Ed.
VICE-PRINCIPAL

Mr. Restaino is not only an efficient, competent and hard-working administrator, but also a friendly and patient individual. During our years here, he has given us the understanding, inspiration, and encouragement we so often needed. We constantly confide in him, and never hesitate to ask him for help with our problems.

His foresight and confidence have helped us to maintain our steady progress towards the successful attainment of our high school diplomas.

DOCTOR HARRY LEWIS, Ph. D.
PRINCIPAL

A school is made up of three main parts: the students, the faculty, and the administration. Someone or something must make all of these parts work as one. We at Arts High School are fortunate in having Dr. Lewis, who has the rare quality of being able to unite students and faculty alike into a cohesive, working unit.

A frequent visitor to our classes, Dr. Lewis displays an interest in the well-being of every student. His contributions to class discussion are one indication of his vast accumulation of knowledge in many fields. A dynamic personality, he always finds time to chat with students in his office or in the corridors. This year his desire for a warm student-faculty relationship inspired him to organize the Principals Luncheon to better acquaint students with the functions of our school.

His insistence on high academic standards, his pride in the student body, and his confidence in the Art and Music Department move him to say "Arts High is a model of what school should be and can be throughout our nation." Dr. Lewis displays deep concern for the welfare of our school.

We are truly proud to say Dr. Lewis is OUR principal.

IN MEMORIAM

*His gentle face and patient smile,
With sadness we recall.
He had a kindly word for each,
And was well liked by all.
He is not forgotten,
Nor will he ever be
As long as life and memory last
For you as well as me.
We miss him now, our hearts are sure,
As time goes by we miss him more.
His friendly smile, his gentle face,
No one can ever fill his vacant place.
It broke our hearts to lose him,
But he did not go alone.
For part of us went with him.
And so, part of us has gone.
No one knows the great heartache.
Only those who have lost can tell
Of the grief that's borne in silence,
For him, whom we liked so well.
Swiftly the year will be passing
But still we won't forget
'Cause deep in our hearts and minds
Memories will linger yet.*

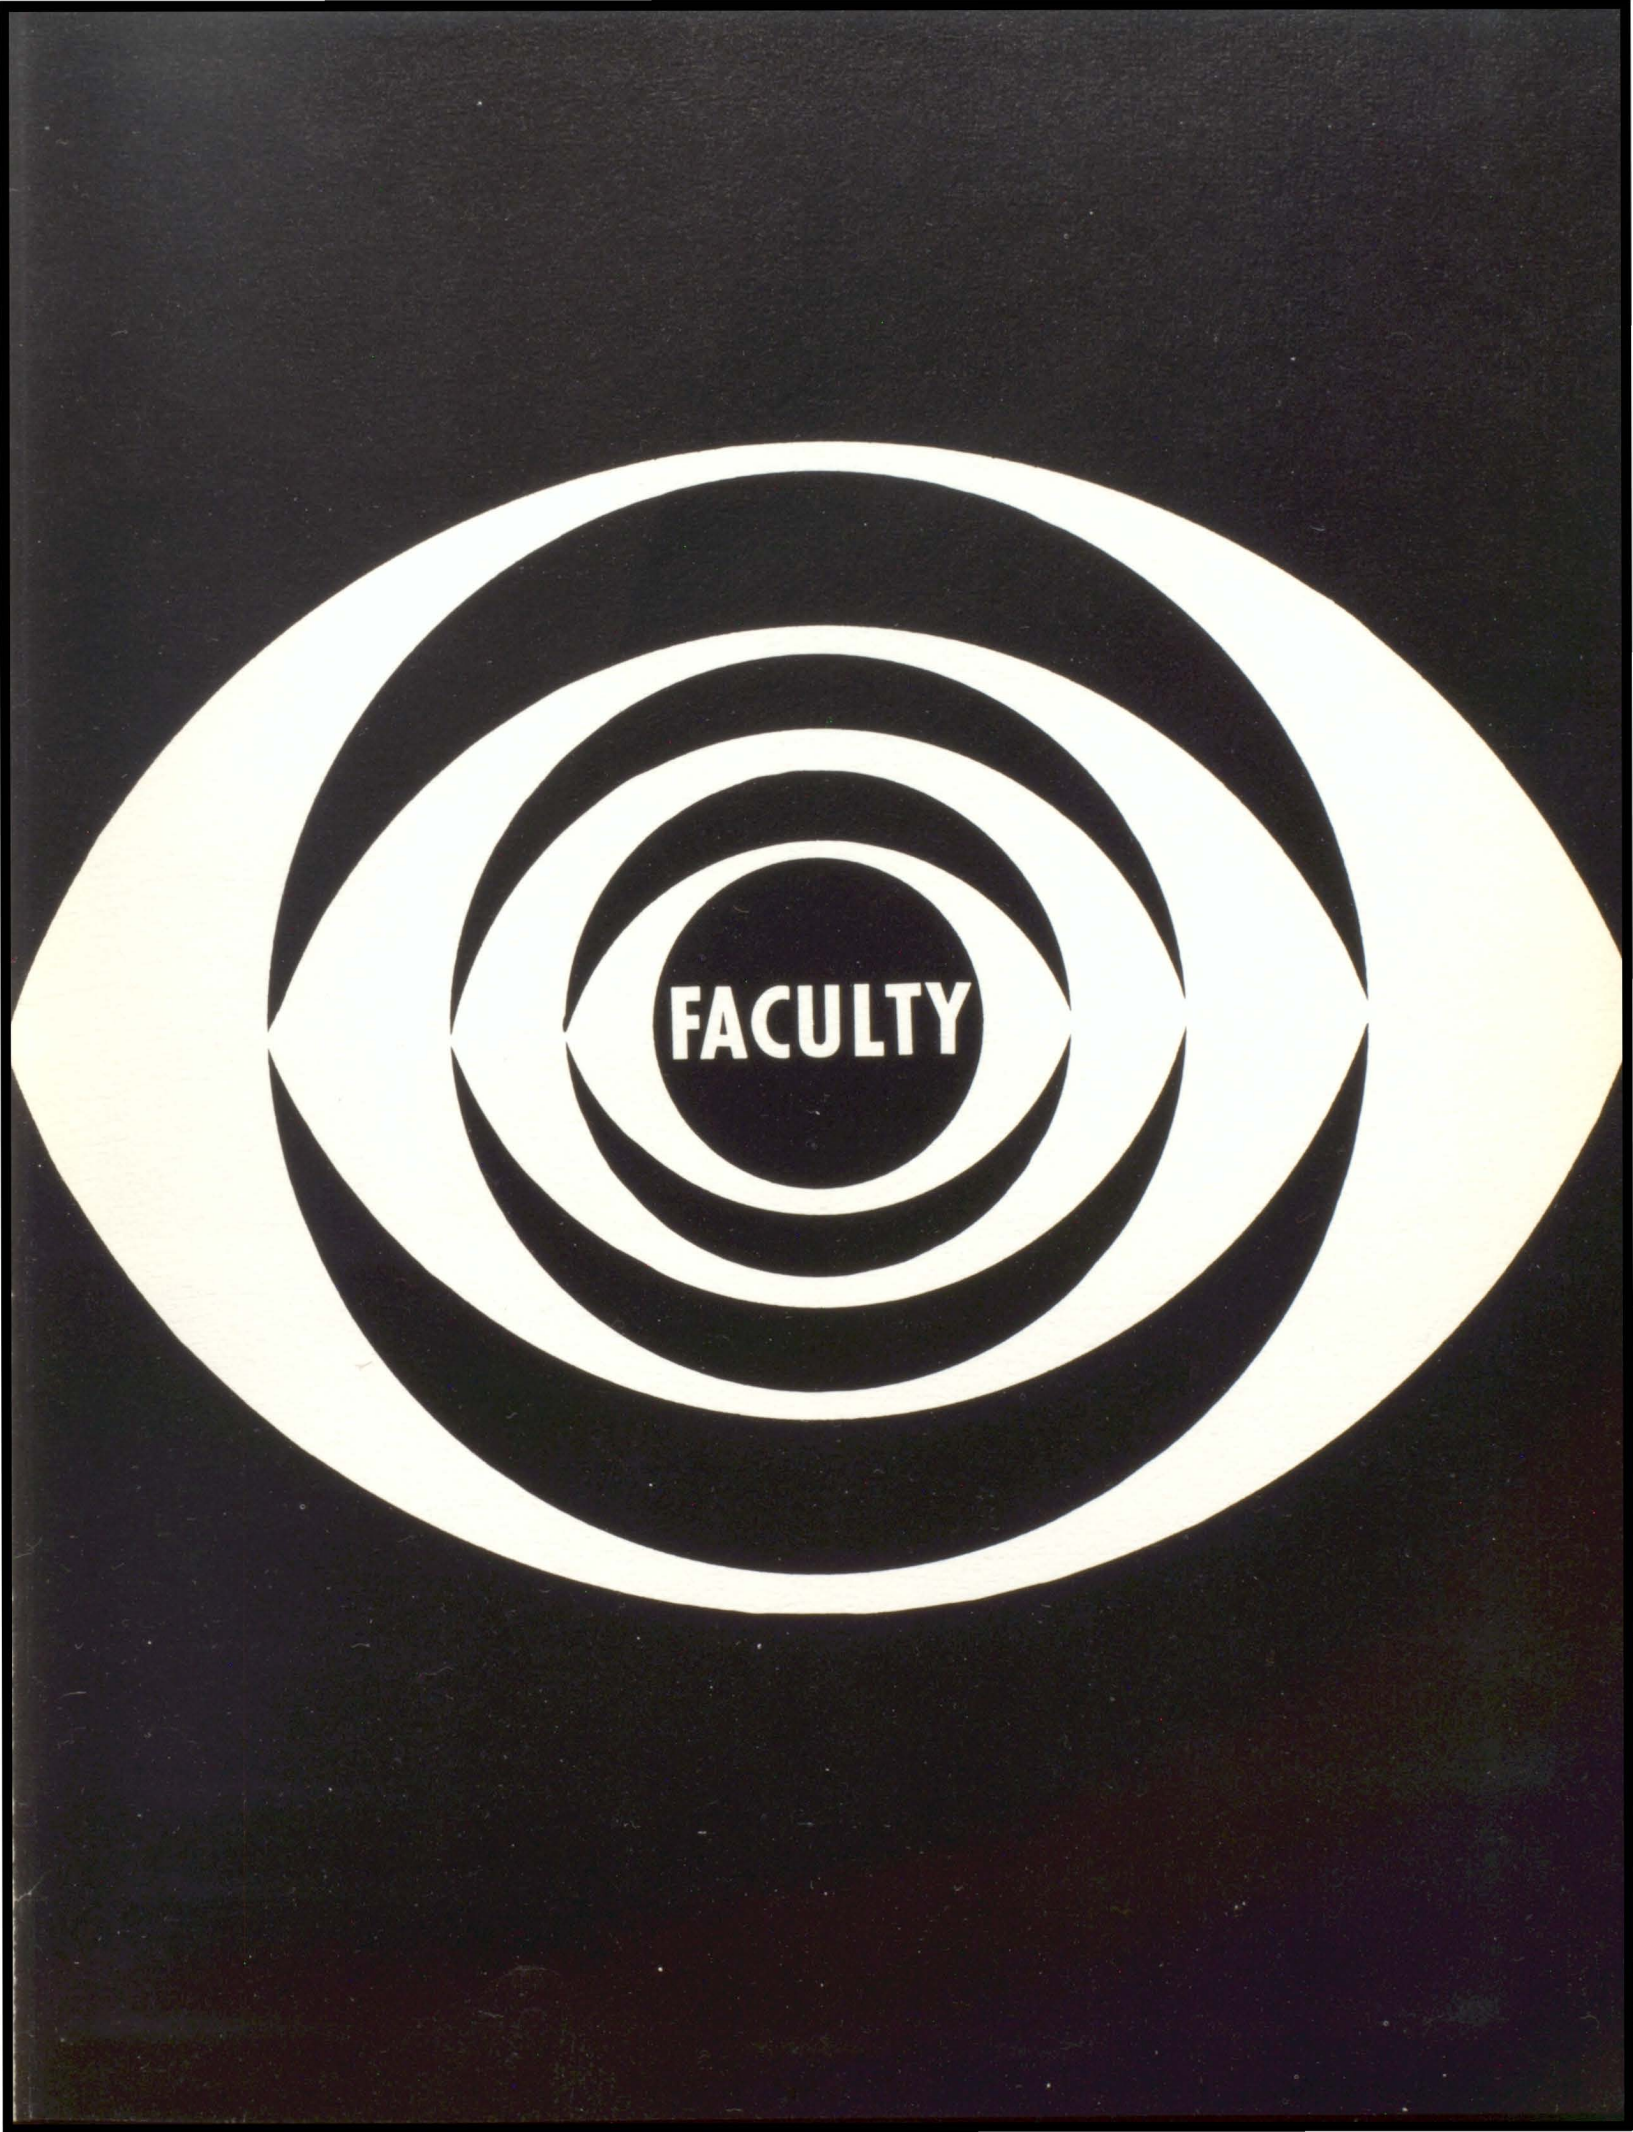

IN MEMORIAM

The Senior Class would like to express its deepest feelings about the untimely passing, on May 20, 1968, of Mr. Harry Gommoll, who had been an art teacher at Arts for eleven years.

His dedication to his students, to his teaching, and to our school earned for him the admiration of all who came in contact with him.

As athletic advisor, Mr. Gommoll donated long hours to the welfare of the athletes. As head of the Craftsmen's Club he and the members designed and constructed the stained glass windows for the entry way to our school. As an individual, his sincerity and understanding inspired students to do their best in whatever field they selected.

A high-contrast, black and white graphic centered on a dark background. The graphic is a stylized eye, composed of several concentric, slightly irregular white rings that create a tunnel-like effect. In the center of the innermost ring, the word "FACULTY" is written in a bold, white, sans-serif, all-caps font. The overall composition is symmetrical and minimalist.

CHESS CLUB

The game of chess is the oldest of games and is the most fascinating and popular of all games. There is no element of chance and players find new and interesting moves with each game. For these reasons the Chess Club is open to all students, experts and beginners alike, interested in improving their techniques, making worthy use of leisure time and in meeting the challenge of intellectual stimulation. Mr. Calvin is the club's sponsor.

DEBATING CLUB

The Debating Club held its first meeting in the fall of 1966. Debates have covered topics ranging from Vietnam crisis to mini skirts and long hair.

In seeking to provide time for group participation, the format of the club has recently been changed from competitive debate to informal discussion. Under the direction of Mrs. Rich, the "Arts High Political Forum" held a discussion on prejudice at its first meeting this year. A film, "The High Wall" introduced the topic for discussion.

The primary objective of the club is to link fact and opinion.

In this constantly changing world, with so many conflicting ideas, the true facts are too often completely covered. The forum integrated fact and opinion effectively, enabling each member to arrive at intelligent conclusions supported by keen understanding.

SPANISH CLUB

The Spanish Club under the capable leadership of Mr. Otero, chairman of the Language department, has had a brief but successful year. The club numbers about fifteen and is made up of those students who have had Spanish I, II, or III. The group led by third year Spanish students, has held various discussions on the customs and traditions of Spain. The highlight of the club year was a play entitled, *Las Aventuras de Cristóbal Colón*, which commemorated the discoveries of Christopher Columbus.

OIL PAINTING CLUB

The Oil Painting Club is an ambitious group of art students who are willing to take advantage of the opportunity for extra instruction in oil painting and ceramics. They meet once a week on a Thursday in room 210 where a studio atmosphere is provided for them by Mrs. Stiller, their instructor.

FENCING CLUB

After a long absence the Fencing Club of Arts High has been revived. Our group consists of approximately twenty-five members, boys and girls. There are no unusual qualifications to join except a desire to learn how to fence. Although we had only about two months of practice we were very "dedicated", practicing Monday, Wednesday, and Friday, for about an hour each day. This year our course was simply the fundamentals of fencing. Next year, we would like to go into competition against other high school teams. Mr. William Hueson coaches the team.

FOLK DANCE CLUB

The Folk Dance Club performs under the competent direction of Mrs. Tso. The members meet after school once a week. Each member is responsible for making his or her costume designed by Mrs. Tso. During the course of the year the dancers perform at various grammar schools in the city. At a delightful assembly program they charm the faculty and students with folk dances from numerous countries. The students also perform at various musicals presented by the Music Department. This year they are members of the "West Side Story" cast. The students enjoy performing and are rewarded with invaluable stage experience.

THE FRENCH CLUB

The French Club has been in existence for two years. Headed by Mrs. Feldman, it has offered a rewarding learning experience for interested students. She works with two groups—the advanced students and the freshman. The main interest of the advanced students is reading. The freshman students learn about France through reports, games in which vocabulary words are used and field trips. Last year Mrs. Feldman took her students to the Theatre to see a French group, and to the Museum to observe the paintings of the French impressionists. She tries to encourage members to use their own ideas to learn about France and the French people. Freshmen meet every other Tuesday and the advanced students meet every other Monday.

GIRLS BOWLING

The Bowling Club, sponsored by Mrs. Luzzi, is for any girl who has a desire to bowl. Meeting each Monday at the Bowl-o-Mat, the girls compete against each other in teams. Trophies are given out to the "most improved bowler", highest average bowler with the highest team score, and to all members of the winning team. The bowling season ends with a Pizza Party.

GIRLS VOLLEYBALL

Under the direction of Mrs. Donovan, girls' volleyball teams are organized each September after the re-opening of school. The season runs through the month of December. The girls meet weekly for practice, skill improvement and game playing.

This year four teams were organized, thus affording sufficient opportunity for extended practice and competitive play. The girls displayed varied enthusiasm and fine team spirit. Having found their fifth season most gratifying, they look forward to next year with eagerness and anticipation.

MODERN DANCE

The Modern Dance Club was organized last year under the supervision of Mrs. Donovan. The club consisted of all girls, but this year, even our male students are taking an active part in the dance sessions. Several members of the Modern Dance Club, participated in the excellent program which was part of the Winter Fair. The girls displayed their lovely interpretive dancing, while the chorus sang.

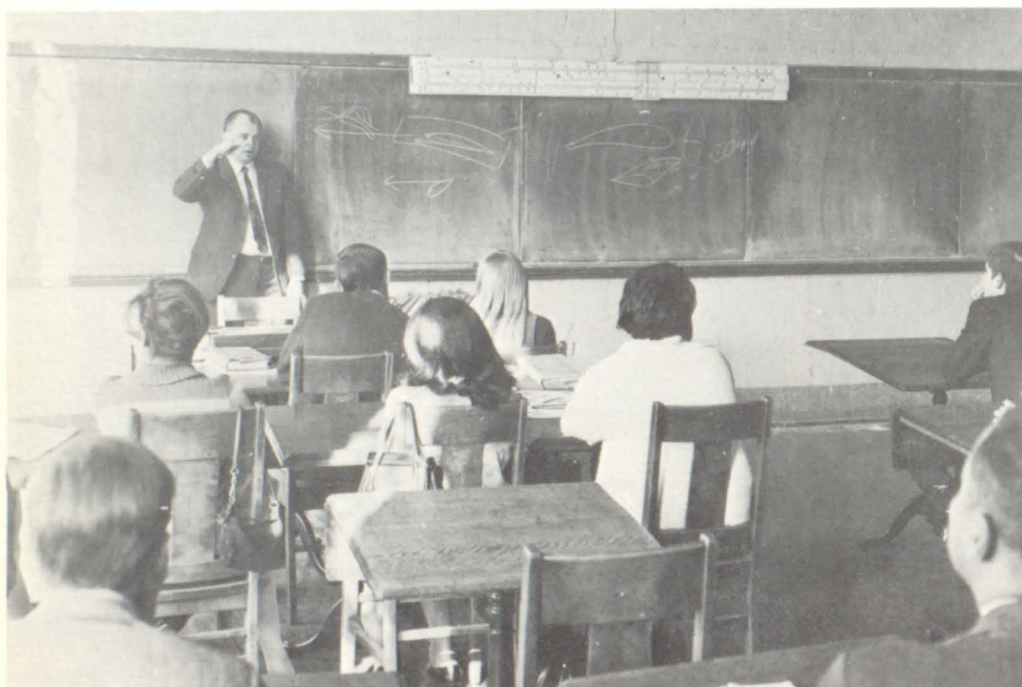

LIBRARY GUILD

The Library Guild members perform many useful services under the direction of Miss Yuker. Their duties include shelving books, typing and filing catalog cards, charging and receiving books, writing for college announcements, processing new books, and helping students find materials. Students may work before, during, or after school. Valuable experience in library work is gained by each member. Parties at holiday time bring the "librarians" together for an afternoon of enjoyment. Each year field trips are organized to enrich the cultural backgrounds of the members.

MATH CLUB

The Math Club under the direction of Mrs. Luzzi, meets bi-monthly for the exploration of mathematical areas not covered in the classroom. The only requirement is an interest in mathematics. The club's program includes guest speakers, mathematics for relaxation, puzzles, and special reports. The members attend lectures and take field trips to such places as Stevens Institute, and are looking forward to visiting Bel-Labs. The Math Club adds much to the growth and development of the student's interest in mathematics, and stresses the importance of math in the world today.

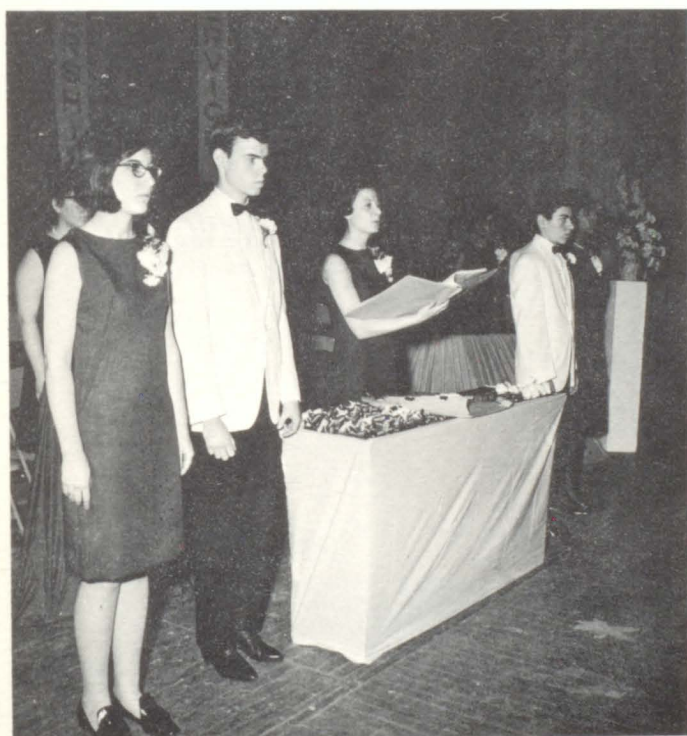

RED CROSS CLUB

Under the competent supervision of Mrs. Hiller, the Arts High Red Cross, a group of willing girls, remember the hospitals, nurseries and homes for the aged at holiday time with place-mats, stuffed animals, homemade cookies and other favors. For those made destitute by fire the girls sew pajamas, overalls and skirts. This year a number of talented music students performed at various institutions. Members who have shown potential are sent as delegates to Red Cross Leadership Training and have both a pleasant and profitable experience. For outstanding services rendered to our community the Arts High Red Cross has once again been awarded an Achievement Plaque by Parents Magazine.

NATIONAL HONOR SOCIETY

One of the most cherished traditions at Arts is the M. Bernice Hamilton Chapter of the National Honor Society. Each spring juniors and seniors who are outstanding in the areas of leadership, scholarship, citizenship and service are chosen to be part of this select group. At an impressive ceremony in the auditorium the students are inducted into the society while proud parents look on. The induction is followed by a reception in the gallery, giving the teachers, students, and parents an opportunity to chat while enjoying delicious refreshments.

Each member must uphold the ideals of the chapter and also assume certain responsibilities for programs and projects sponsored by the society any/or the school such as the Principal's Open House. Trips and other social activities are in store for the members who are under the competent direction and supervision of Miss David.

SCIENCE CLUB

The Science Club, newly formed this year, makes up in enthusiasm what it lacks in size. A small, but select group meets every Monday and Thursday after school to perform interesting experiments. Among other things they have observed the effects of radiation upon seeds, made and interpreted their own chromatographs, typed their blood, analyzed food samples of various types, and noted the discrimination of the sensory receptors. They were aided considerably in their work by Mr. Tirritilli, the student practice teacher from Montclair State College. Mrs. Mary Venskus is the sponsor of this group.

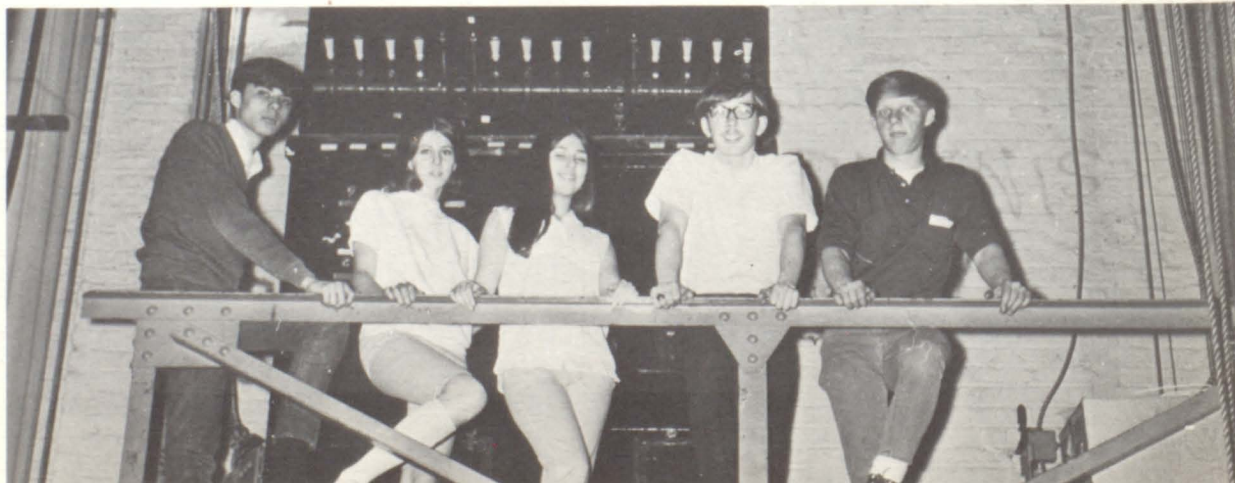

SCOPE

The Scope, our school newspaper, is edited by the students under the supervision of Mr. Jacobs. The Scope contains many unusual and interesting articles. Besides school news, there are cartoons, fashion tips, and chatter. Writers, typists, and proof readers cooperate to publish a paper which represents the entire school.

STAGE CREW

Under the supervision of Mr. Marcus, the Arts High Stage Crew sets up and strikes sets for every school assembly or special production. Performing these varied tasks, the members manage to remain virtually unseen. They are the "invisible actors" who are responsible for bringing the right scenery on stage at the right time, removing unwanted materials, arranging the lighting and providing the sound effects, a public address system or whatever is needed.

The boys gain through experience, an intimate knowledge of the workings and the discipline of the theater.

STUDENT COUNCIL

Arts High's Student Council is the center of activity in the school. Throughout the year, weekly meetings are held to determine new goals and uphold old traditions. These meetings enable many students to express their opinion in any topic. Each year, the students and faculty look forward to the Fall Festival (Barn Dance) and to International Day when we have an opportunity to talk with foreign exchange students. In addition to these activities, the Council sells sweaters, shakers and bookcovers to help raise money for various purposes. These numerous activities are profitable because of the support and enthusiasm of the student body.

TWIRLERS

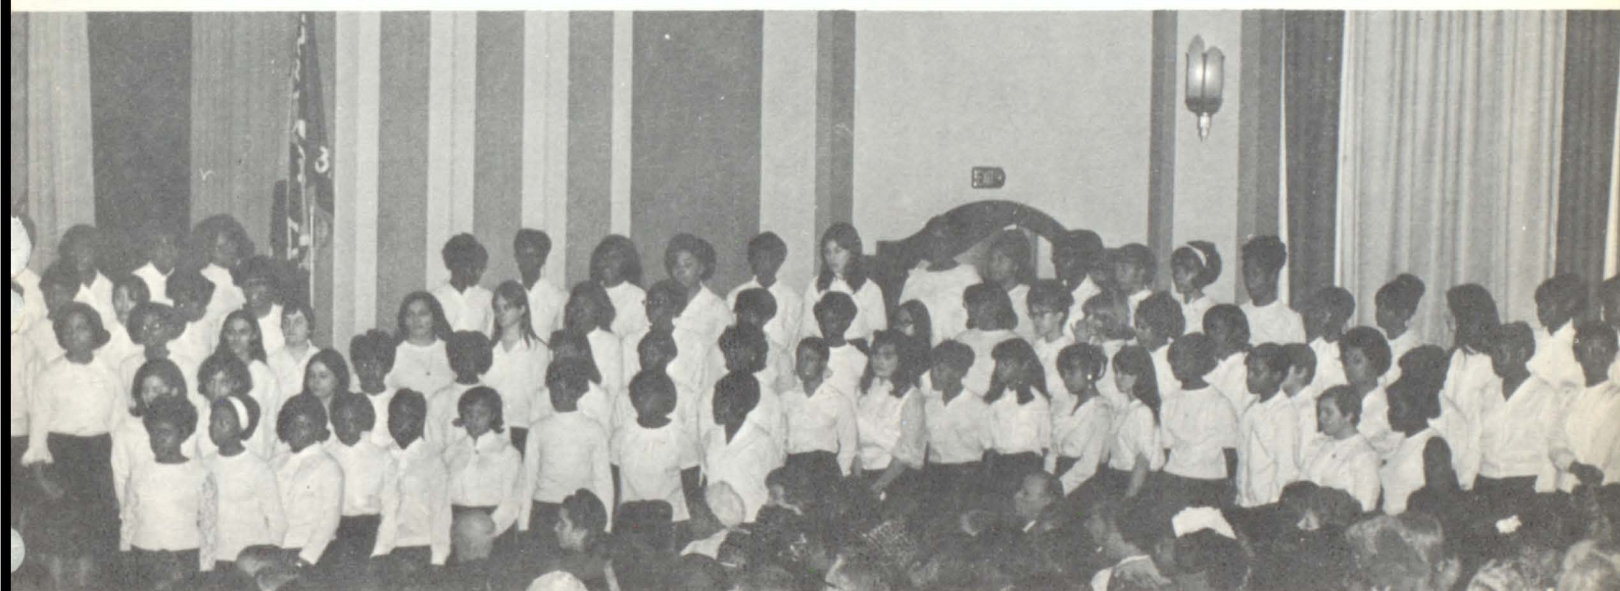

The Twirlers Club, organized last year, is supervised by Mrs. Morgan. Its members have participated in the Crispus Attucks Parade, performed at a local grammar school and at the Annual Faculty-Varsity game. At each regular meeting the girls, practice marching and twirling to music. While they are having fun they are also exercising and making their contribution to school spirit. This year they have cause to be proud not only of their performance but also of their appearance in their new uniforms.

GIRLS GLEE CLUB

The Glee Club gives art students as well as music students a chance to develop their talents. Each year they perform in the Winter and Spring concerts and doing one assembly program under the direction of Mrs. Shapiro. Year after year the Glee Club makes a notable contribution to the development of an appreciation of choral music.

CHORUS

Perfection is the motto of the Arts High chorus under the able leadership of Mr. Pickett. To maintain its high performance standards a great amount of work and co-operation is demanded of both teacher and students. On stage as well as in the classroom the unwritten cheer is "Produce to your greatest ability!"

The chorus has shown that perfection is possible in its performance of "Christmas Cantata" by Honegger, "Alleluia" by Randall Thompson, and "Battle Hymn of The Republic" by Wilhousky, accompanied by the orchestra.

The chorus is heard at The Winter Fair, The Winter Concert, The Spring Concert, The Kiwanis Club, assemblies, as well as at graduation exercises.

BAND

"Intensive practice" are words known to every member of the Arts High Band. Mr. Reuben Singer, the newest addition to the group, has worked with the Band this year. His patience and his constant struggle to achieve perfection have earned him the respect of every student. He has transformed the Band into a very fine musical organization. The group has played for the assemblies, for elementary school programs and for other community activities. The Marching Band makes a valuable contribution to all city parades.

ORCHESTRA

The orchestra provides an excellent and worthwhile opportunity for students to learn to play an instrument and to participate in group activities. Mr. Pesile constantly stresses the importance of every member of the orchestra, however great or small his part. As a result the members take great pride in their accomplishments and strive to make each performance surpass the one before.

JR. ORCHESTRA

The Junior Orchestra, under the direction of Mr. Tobia, is comprised of students who are not quite ready to participate in the regular Orchestra and the Band. Meetings are held every Tuesday and Wednesday after school. The string section meets with Mr. Pesile to receive special instruction once during the week. The aim of the Junior Orchestra is to develop the musical skills of the members. This year, the Junior Orchestra will participate in the Annual Spring Concert.

Arts High's baseball team had a successful season last year. Their hitting and base running abilities helped them achieve a record of seven wins and eleven losses which qualified them to play in the state tournament in which they won the opening round but lost in the semi-finals. Coach Lang feels that the loss of three seniors however, will not hinder the team this season with seasoned players like Bruce Davis, Oswaldo Mercado, and Marvin Byers forming the backbone of the 1968 Varsity Squad.

KNEELING, left to right: Marvin Byers, Cephas Battle, Rodney Alexander (Co-Captain), William Epps, Roger Curry, Edwin Vaughn. STANDING: Vincent Finch (Asst. Coach), Bruce Davis (Captain), Issac States, James Fryer, Erwin Ponder, Mike Catapano, Rodney Ailes, Coach Flaherty.

Arts High's basketball team completed a very successful season with a record of nineteen wins and six losses. This year for the first time in AHS basketball history, Arts High became New Jersey Vocational and Technical School League Champions for 1967-1968.

The Arties opened the season against Bergen Tech whipping them 102-58. This was the pattern all season long with a very strong team under the great coaching of Mr. Flaherty. Though the team lacked height, the boys were expert shooters who fought well. Rod Alexander was the first player to break the record of 1,000 points.

This year Arts High was selected to play in the Essex County Tournament. The Arties entered as the underdog but emerged on top with upset victory (78-77) over heavily favored West Side which ranked with the best in the powerful Newark City League. Rodney Ailes scored the winning basket with one second left. Arts High was defeated by Barringer in the second round 57-53.

Graduating this June are some of the team's most valuable players, Senior Co-Captains Rodney Alexander and Bruce Davis, Rodney Ailes and Marvin Byers. Erwin Ponder the other starter will be returning next year as the backbone of the team. Other senior players William Epps, Cephas Battle, Edwin Vaughn and Malcom Davall will be sorely missed but there are junior and sophomore players hoping to take their places. Mr. Flaherty and the boys are looking forward to another successful season next year.

FRONT ROW: Marvin Byers, Roger Curry, Tyrone Porter, Robert Denezza, Brian Sukanno, Dennis Denezza, Frank Kulisz, Paul Bennett, Mister Nowick. BACK ROW: Keith Hardy, Harvey Freeman, Ed Vaughn, Richie Stanton, Paul Smith, Charlie Clark, Bruce Davis, Earnest Tweedle, Mike Iwanechko, Malcolm Davall, Christopher Bland.

The best record and team effort in the four years of soccer at Arts was achieved this season. The "bounce" of the ball made the difference in several of the games that the boys lost. For the first time, an Arts soccer player made one of the All-County Teams. Bruce Davis was selected as the All-Essex County third team goal-keeper.

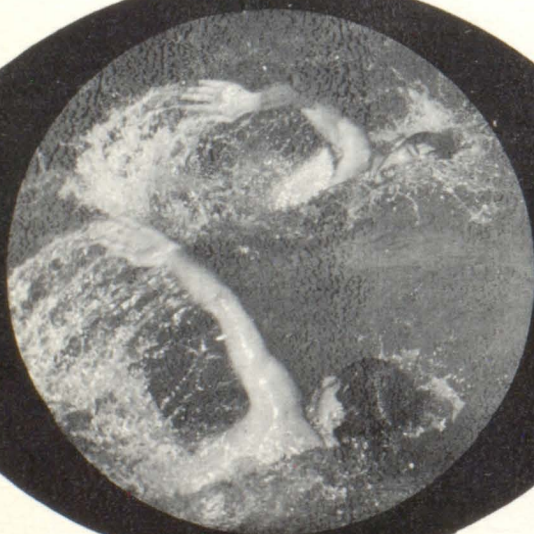

Nobody gets by our boy.

SWIMMING TEAM

KNEELING, left to right: Tom DiChiarra, Romera Knight, Paul Fernandez, Joe Warren. STANDING: Bobby Pinto, Eric Berzon, Carl Acosta, Captain Jack Jaworski, Don Leskiw, Coach Lang.

This swimming season was not a very successful one for Arts. The major problem was a shortage of man power. Despite this handicap, however, Robert Fisher, Dave Tucker, Jack Jaworski, and Paul Fernandez received a silver medal in the 106 yard free style relay by placing second. Jaworski also received a bronze medal for coming in third in the 40 yard free style. Dave Tucker was awarded a silver individual medal for second place. Next year we hope that we will have a larger group of candidates trying out for the team. The determination and enthusiasm of our boys, together with the moral support of the student body can make a winning team.

Bob Fisher and Jack Jaworski count the laps during 200 yard free style race.

Last year's team was a very good one and did well against the giants of the city team including West Side and Central.

These rugged athletes made a startling appearance in their lily white uniforms. They fought hard and triumphed. They were proud of their team record. Their only problem was an absence of spectator sportsmen to boost their morale.

It is devastating to participate in a doubles match without cheers of loyal fans and heartrending for an Artie, all by himself, to do battle in a singles match. Nevertheless they are a loyal group that make a lot of "racquet" and works enthusiastically and diligently for the honor and glory of AHS.

Stephen Barnes and Murray Bethea compete in the 440.

TRACK TEAM

Forest Drennen is off to a good start in the 100-yard dash.

Kenneth Daniels moves to overtake Weequahic team member in the 880-yard run.

Roger West employs technique and control in the 100-yard high hurdles against a Weequahic team member.

The Track Team members showed a marked improvement over the previous season by defeating Irvington Tech, one of their toughest rivals. The team lost a few other meets by less than five points which made them even more determined competitors. Highlighting the season was Jay Denburg who set a school record in the discus throw and Ken Daniels who placed second in the junior event of the 880-yard run in the City Meet. Outstanding athletes of the year were Howard Roberts, a senior; Roger West, a junior; Donald Warren, a sophomore; and Dennis Hall and Paul Smith, both freshmen.

EPIC OF 68

By Linda Franklin

Somewhere in the middle of '64
One hundred-fifty freshmen or more
Came bounding into the halls of Arts
Head over heels, our hand on our hearts.
We looked around, confused and scared
Few of us spoke—no one dared!
Till gradually, after the first trying day
Good fortune and pleasure came bounding our way.
Dr. Lewis, our principal, we grew to love
And our teachers and classrooms and library above.
Even big upperclassmen extended a hand
We joined different groups like Red Cross, the Band.
We learned of each other and even the names
Of so many people, it was all fun and games!
Yet the homework began and we started to learn
Mathematics, biology—they all came in turn
Happy freshmen we were but started to strive
Towards becoming the sophomores of September '65.
Once again we assembled but this time we knew
All the ins and the outs and of scared freshmen too.
The barn dance was merry, the Christmas fair gay
HMS Pinafore brightened our day.
Assemblies, parades and the fun Talent Show
Kept us quite busy yet rewardingly so.
There was so much to do and so much to see
The time went so fast that Juniors were we.
This was the year of our first step as one
We elected four officers—there was work to be done.
Our class was so active, so willing to move.
Just give us the word, we'd be ready to groove.
We organized well and got under way
Our first Junior dance was smashingly gay.
But more was to come, the plans were all there
For a roller-skate party—an exciting new flare.
A Junior Class Picnic but our truly great feat
Was the elegant Junior Prom in an Essex House suite.
In April that year some learned joyfully
That they had been chosen for the Honor Society.
But the faint cry of college was starting to call
For all too quickly, we were Seniors that fall.
At last, humble Seniors, how the honors befell!
The corsages and boutonnieres adorned us so well.
We were proud and so happy that at last we could say
"We too will bring honor to the dear green and gray."
Applications for colleges, in a flurry, began
The guidance department was one warm helping hand.
Soon came the Class trip and fond memories
Of the night of the Prom and all last-minute worries.
But we actually made it—diploma and cap
It all went so fast, yet with each sad good-bye,
We will never forget our four years at Arts High.
For there may have been classes, some better, some worse,
But the class of '68 will always be first!

SENIOR ADVISOR

ALFRED GENTILE
B.S., Mathematics

"Mr. G's" warm smile, dynamic personality and quick wit are among the many reasons for his popularity at Arts. He is a "down to earth" person who has given more than his share of time, talent and energy to the numerous activities sponsored by the Senior Class. Not only has he contributed wholeheartedly to extracurricular activities but has also lent a helping hand to many a despairing algebra or math student. Mr. Gentile motivates and challenges his students so that they develop their abilities to the fullest extent. His understanding, his objectivity, his ready cooperation, and his sincerity have earned for him the respect, admiration and appreciation of the Class of 1968.

VIGNETTE

One of the most treasured keepsakes of the students is the Arts High yearbook, the Vignette. Production of the yearbook, which calls for skills in art, literary composition, photography, typing, bookkeeping, and material layout, is handled almost exclusively by the students.

The activity of producing the yearbook covers most of the year. Although a major portion of the publication is devoted to the departing Seniors, every phase of the student life at Arts High is covered.
